(including cover letter)

CONTENTS: App. 10/626,888 Issuance

Comments:

Dear Ngoc-Yen T. VU

We just received a notice (attached) of issue fee not received by the USPTO, however, we have not received any notice of the fee being required nor the amount. Our last communication with you was the following:

"Do you require any further action by us following your USPTO Notice of Allowability for our patent application 10/626,888 and our Oct. '9/10 acceptance of all your recommended amendments to the claims made in this Notice of Allowability?

Please let us know of any help we can be regarding the issuance of this patent.

With many thanks for your understanding and help to us in this application."

Please let us know the amount due and we will immediately forward a cheque in this amount. Again, many thanks for helping us with this patent.

Sincerely,

Frank E. Bunn
